## EXPERIENCE

### React.Js Developer

Tata Consultancy Services

June 2021– Present

Noida, Uttar Pradesh

- Collaborated closely with UI/UX designers and Back-End Developers to successfully deliver **10+** responsive and interactive web applications using **React**, **HTML**, **CSS**, and **JavaScript**. Implemented performance optimizations resulting in a **20%** reduction in page load times.
- Implemented efficient state management using **Redux**, optimizing application performance and maintaining a consistent user experience.
- Integrated **RESTful APIs** and **GraphQL** queries to fetch and display data, ensuring seamless data synchronization between the front-end and back-end.
- Improved website load times and performance by optimizing code, minimizing resource requests, and implementing **lazy loading** techniques.
- Resolved cross-browser compatibility issues and implemented **responsive design** to ensure optimal user experience across various devices.
- Developed and maintained **reusable components** and libraries for streamlined development across multiple projects.

### Project Intern

Cognizant

March 2021 – May 2021

Remote

- Assisted in building and maintaining front-end components for web applications using **Javascript**, **HTML**, and **CSS**.
- Collaborated with senior developers to **troubleshoot** and debug issues, contributing to the resolution of critical bugs and enhancing overall application stability.
- Implemented **UI mockups** and **wireframes** provided by the design team, ensuring accurate translation of designs into functional user interfaces.
